## TO GIVE IS BETTER THAN TO RECEIVE

The 1975 Combined Federal Campaign has been launched and will continue until November 5. By now, most of us in the Gallaudet College community have received information on CFC from co-chairperson, Claire Timmons.

Within the next few weeks, we are all asked to review this material and to return the payroll deduction form to our keyperson.

The Combined Federal Campaign assists 124 agencies, many of which are located in the National Capital Area, concerned with health care, social welfare and international services.

As Claire has indicated in her cover letter: "A number of CFC organizations have visited the campus to give programs or have provided health, education or legal services to individual students. Others serve the deaf community through the Public Service Programs and the Community Service Center for the Hearing Impaired. Deaf Pride, Inc., is a CFC affiliate."

Please note that you may give your donation to an individual agency rather than to the campaign as a whole; just indicate your preference on the back of your pledge card. If you need any additional information, please contact CFC co-chairpersons, Stan Kelly or Claire Timmons.

## COMPLAINT DEPARTMENT

If you have a complaint, question or suggestion regarding your hearing aid, call Help Line at 296-5146. Help Line is a consumer service sponsored by the Better Hearing Institute.

Persons living outside of the Washington metropolitan area can get assistance by

calling Help Line's toll free number, 800-424-8576.

## ASK DR. SPOCK

For those who were children or parents in the 1940's and 50's, Dr. Spock is synonymous with child rearing. On Thursday evening, October 17, the Gallaudet College community will have the opportunity to attend a lecture by this world famous pediatrician and author.

Probably best known for his book, Baby and Child Care, which to date has sold more than 24,000,000 copies and has been translated into 26 foreign languages, Dr. Spock has in recent years been recognized as a candid and critical spokesman on a number of world issues. In particular he is acutely concerned with the threat of world annihilation and radiation hazards. As chairman of SANE he has become an advocate of complete nuclear disarmament.

Dr. Spock's appearance is being sponsored by the Cultural Affairs Committee. His presentation should be of special interest to the deaf community.

Tickets are \$1 and may be purchased in advance from Beverlee Girton in the Alumni and Public Relations Office from 10 a.m. to 3 p.m. or at the door prior to the presentation which begins at 8 p.m. All ticket holders are invited to a reception following the lecture.

#### INTERNATIONAL CENTER ON DEAFNESS ESTABLISHED

Steve L. Mathis has been appointed director of the newly established International Center on Deafness at the College. As director, he is currently engaged in developing a master plan to implement the major activities of the Center: collecting and disseminating information on deafness; providing field services in the areas of training, technical assistance, and consulting in foreign countries; instituting teacher and student exchange programs; and acting as a clearinghouse for international research.

Following his graduation from Gallaudet in 1951, he went on to earn advanced degrees from Virginia Theological Seminary, St. Augustine's College, England, and the University of Maryland.

He organized and served as first principal of the Carver School for the Deaf in Gambrills, Maryland, and during the 1973-74 academic year, he held the Powrie V. Doctor Chair of Deaf Studies.

#### AROUND AND ABOUT

--All out for volleyball!! Faculty and staff are invited to come out for volleyball from noon to 1 p.m. on Monday, Wednesday and Friday in the

main gym. Coed! No experience needed! For more information, contact Bob Harmon in the German Department.

--Need some tips on proposal writing? The Research Foundation of State University of New York Library has offered to lend the College video tapes on proposal writing for the week of November 4.
